

WHY PAY MORE FOR YOUR LAB TESTS?

We want informed healthcare consumers!

Pathology Services, P.C. is leading the way to provide information that is transparent to you and your family regarding the pricing of lab tests. In this era of high deductibles, and rising healthcare costs considerable money can be saved.... money that can otherwise be used for tuition, housing expenses, travel and entertainment!!

We have checked with regional hospitals and present their average prices for common lab test versus Pathology Services, P.C. lab prices.
